

Hi, I'm looking for a Welsh speaking language exchange partner

Who am I?

- 👤 Júda Ronén, a PhD student in **linguistics**.
- 📖 My research deals with **Welsh** text-linguistics.
- 🗣️ I can read and analyze Welsh well, but my **conversational skills** are lacking and I really want to change that.

What and who am I looking for?

- 🗨️ Language exchange with a **Welsh speaking partner**.
- 👤 I work mainly on the writings of Kate Roberts, so I think it would be better to have a partner speaking a **northern dialect**.

What do I offer in return?

- 🗨️ I'm a native speaker of **Hebrew**. I'd be happy to teach any level.
- 📖 I can also teach reading a few **dead languages**: Old English, Egyptian (Coptic and Ancient Egyptian), Old Norse, Biblical Hebrew.
- 📖 As well as reading some **living ones** (although I'm not a fluent speaker of any of them): Japanese, Norwegian, Swedish, Esperanto.
- 🔗 If you are interested, I can also teach **computer skills**: \LaTeX , Python, Linux, and automating data processing and presentation in linguistics.

Technicalities

- 📞 I suggest **weekly conversations** over the Internet, divided equally between us. (Don't worry if you aren't familiar with the technical side: it's free and really easy, and I can help.)
- 🌐 I'm located in Jerusalem (**UTC+2**).
